Phil and Ann Graf invite you to join us on our discovery adventure to Turkey, where Europe and Asia meet, the home to 10,000 years of culture, and a treasure chest of ancient wonders and stunning landscapes. Our custom tour begins and ends in Istanbul, magnificent "Empress of the World". We explore the fascinating interior of Turkey by private coach and sail the glittering Turquoise coast aboard a gulet-style yacht. Our expedition into art, archaeology, history and Turkish hospitality will be led by an experienced and knowledgeable native guide who will provide an informative and interesting daily narrative on the history and culture of this engaging and beguiling country.
