

Dwight Eberly/Dianne Van de Carr Exhibit

The Sea Ranch Lodge Front Gallery
Through September 14

The Sea Ranch Lodge Front Gallery will feature the paintings of Dwight Eberly and fused art glass from Dianne Van de Carr from the opening Friday, July 18 from 5:00 to 7:00 p.m. through September 14.

Dwight has been a full-time artist and part-time painting instructor for the past 47 years. When he and his wife, Shirley, a potter, retired to The Sea Ranch in 1988, Dwight became involved with Gualala Arts almost immediately, teaching oil painting, serving on the Board, refurbishing the Dolphin Gallery, and serving on the Hanging Committee for Art in the Redwoods for many years at the former Arts Center. Dwight has given so much of his time, in fact, we're glad he has still found time to paint. In honor of this long history, Gualala Arts is pleased to feature Dwight as the 2008 Art in the Redwoods Top Hat Artist.

Dianne Van de Carr has worked with fused glass in a wide variety of themes, making art as well as functional pieces. She produces an extensive line of earrings, pendants and necklaces. She has made two and three dimensional glass sculptural pieces, bowls, dishes and abstract constructions. She has long enjoyed making wild and wonderful human and animal faces with dazzling color combinations many pieces feature magical Dichroic glass.
