### Materials list

**A Technical Drawing Pen:** with permanent black ink such as a Sakura Micropen or a Pigma Micron in the 05 to 08 range. (See examples below)

**A Mechanical Pencil:** Look for one with at least a 0.9 lead size such as the Pentel Twist-Erase

**A Sketch and Wash Pencil:** This is a water soluble graphite pencil.

**Watercolor Pencils:** At minimum one each of red, blue, and yellow. They can be used dry or wet. We will be discussing and practicing the use of the three primary colors to create other colors. (See examples below)

**A Common 2-size Pencil Sharpener**

**A Waterbrush:** This is an essential tool and will be used with both the colored pencils as well as the Sketch and Wash pencil. Notice the brush tip is round and comes to a point. Get a "medium."

**A Pair of Scissors:** If you don't own a pair, I will have one you can use.

#### **Where to find materials:**

In general, always buy the highest quality materials that you can afford. Avoid prepackaged drawing sets designed for beginners. They might contain some items required by this workshop but will be of low quality and will not contain many of the important items on the list. To buy local, visit “The Loft” in Sundstrom Mall, upstairs next to the Gualala Market. Marva carries many of the items on this list and offers a discount to Gualala Arts workshop participants. There are also several online stores, like Amazon, Dick Blick, Cheap Joe’s Art Stuff, and Jerry’s Artarama. **But**, while online pricing is about the same as live shops, there are often minimums and shipping is costly. I prefer shopping in art stores where I can touch stuff and get personally exposed to many items for my wish list. I can buy singles of everything instead of kits and bulk packs. And I get to chat with friendly staff. In Santa Rosa there are two good stops: Riley Street Annex, and Village Art Supply. I also like Racines in Fort Bragg.
