

Materials list for

Design for Art Quilts

Several pieces of tracing paper good quality

Pencil

Magazines with nature photos, suggestions are diving magazines, photography magazines (ones that have a lot of nature photographs), National Geographic, etc. Photos of close-ups, leaves, underwater scenes, multiple animals etc. Photos of sweeping, beautiful landscapes are not appropriate...you need things with details. Macro shots work well.

Sketchbook or notebook for keeping your ideas I like to use one that is about 9 x 12"

One gallon bag of fabric scraps, smallish sizes (no larger than 6 inches will work), different colors (lots!)

Glue stick-2

4 x 6" index cards, unlined

Fabric scissors

Paper scissors
