MATERIALS LIST

Fabric – bring a 1 gallon zip-lock bag stuffed with scraps to share or trade. If you already have a bag of scraps that you have sorted with a particular idea in mind bring those – with or without the gallon bag o' scraps to trade. *For purposes of this class we will describe "scraps" as strips 4" wide or less and patches (squares, rectangles and triangles) 8" in length and width or smaller. Give or take a few inches.*

We will dump these scraps on a big table and paw through them like kids in a sand box! You don't have to participate in this part if you have specific scraps already sorted but it's a heck of a lot of fun and those old scraps that you are tired of might be someone else's treasure and vice versa! The orphan scraps can be donated to your Guild Flea Market so no one need worry about going home with the same tired scraps.

If you are a speedy sewer you might get to Borders and Sashing fabrics, which are generally plain and simple since the block units tend to be pretty busy. See my website for examples.

Sewing Machine and the usual supportive gizmos with gray, off white or dark thread depending on the scraps you plan to use.

Cutting board, rotary cutter, and a medium size ruler like a 6" x 12" or 12" x 12" Omnigrid

Scissors – small snipping style and large 6" standard sewing style scissors

Travel iron and board and some sort of portable design wall set-up (I use a piece of white flannel on cardboard.)
