Regarding fabric: with the photo I have supplied, you will need to begin collecting pieces for class. As you would imagine, you will not be buying yardage, but will need pieces in small amounts to interpret your photo: fat quarters, 1/8 yard cuts, even scraps. You want a *range of values* within each color as far as the photo dictates. Look through your stash first, then take the photo with you to shop if needed. Be adventuresome in your selections, please include prints. Ombres, stripes, and polka-dots are good too!! We will be cutting 2.5 inch squares. ***Please do not cut any fabric before class.*** If class participants share with each other then we will have a nicer variety. For this piece you will need in class fabric in the following colors: white, grey, green, purple and a small amount of brown. You will notice in my sample I took some liberties in the intensity of my purples and greens, artistic license at work! Choose what you like and want to work with. You may bring jelly rolls and other 2-1/2" strips if you have them, just know you will need bigger pieces too, and most of the time.

Feel free to call or email me with questions or concerns. Note: there is a \$3. class fee to cover my handouts, etc.
