Exhibit Statement: The Gualala Arts Collage Interest Group will present what is possible with the diverse art of collage and assemblage. Just as there are many meanings to illumination, there are many creative approaches to the art form of collage.

Illumination provides light to show clarity and insight. It can be represented spiritually, as an universal sacred entity, or as a personal enlightenment and transformation. The intensity and subject of illumination will be represented by each participating artist in their individual or collaborative art piece. The focus of these art pieces can range from the very personal to the collective unconsciousness; from the Illumination of the middle ages to today's pop culture.

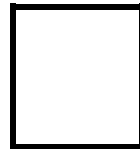

This exhibit is only open to Gualala Arts Collage Interest Group members.

Registration & entry directions:

2. A registration form is required for EACH piece of art/entry. A diptych, triptych or a set is one entry.

securely to each piece. Keep the Artist Receipt for your personal record of what you are exhibiting.

5. There is no limit to number of entries. Please indicate your order of hanging preference on your registration form, if hanging space becomes an issue. You will be notified if any of your pieces can not displayed in the exhibit.
6. This exhibit is only open to Gualala Arts Collage Interest Group of members in good standing.

9. Ensure all artwork is professionally prepared for hanging or display (no saw-tooth hangers, no "clip frames", etc.). Gualala Arts is not liable for any art work or installation, at any point in the process.
10. For each entry, please submit to the curator a short statement on how your art piece relates to the theme of illumination. Be sure to include your name and the title of your piece. This statement will be incorporated into the exhibit.
11. Please attend the opening reception. Bring food that does not require utensils. Toothpicks may be used by the preparer to spear items. The food should be finger food and/or assembled so that the guest can simply pick up the item and put it on their plate. Chips, nuts and the like will not work.
